

CME appoints Angelica Viggiano (Vinted) as Chair for 2026

Brussels, 12 January 2026 – Classifieds Marketplaces Europe (CME) today announced the appointment of **Angelica Viggiano**, EU Public Affairs and Government Relations Manager at **Vinted**, as **Chair of CME for 2026**. She succeeds **Dagmar Bartels** (OLX), who served as Chair throughout 2025.

As Chair, Viggiano will lead CME's continued advocacy for **online classifieds and second-hand marketplaces**, with a focus on ensuring that these business models are properly reflected in **EU policy discussions** and recognised for their **central role in advancing Europe's circular economy**.

CME brings together **EU-headquartered online marketplaces** that facilitate second-hand trade across Europe engaging with policymakers and stakeholders to share expertise on their economic and environmental value and to support the EU's objectives on competitiveness, sustainability, and affordability.

Commenting on her appointment, **Angelica Viggiano** said:

"I am pleased to take on the chair of CME and to work closely with members across Europe. There's a real opportunity to shape policies that genuinely work for second-hand marketplaces and boost re-commerce."

Angelica Viggiano's term as Chair will run from January 2026 **to December 2026**.

About Classifieds Marketplaces Europe (CME)

Classifieds Marketplaces Europe (CME) is a coalition of **EU-headquartered companies operating online classifieds marketplaces** that facilitate transactions of second-hand goods. Its members – **Adevinta, CustoJusto, OLX, Vend, Vinted and Wallapop** – connect individuals and local businesses, making it easier to buy and sell second-hand goods across Europe.

With more than **50 brands operating in 21 European countries**, CME members employ over **10,000 people** dedicated to facilitating sustainable commerce. By enabling **consumer-to-consumer (C2C) transactions and local trade**, European classifieds marketplaces help extend the lifespan of goods and support wider participation in the circular economy.
